STATE OF LOUISIANA PARISH OF EAST BATON ROUGE

BEFORE ME, the undersigned authority, duly commissioned and qualified in and for the Parish of East Baton Rouge, State of Louisiana, and in the presence of the undersigned competent witnesses, personally came and appeared West Forest Oaks, Inc., a Louisiana corporation domiciled in East Baton Rouge Parish, Louisiana, represented herein by its Vice President, Anne M. Harrison, duly authorized, who after being duly sworn, did declare that it is the owner of one hundred sixty-three lots or parcels of ground bearing numbers one through one hundred sixty-three, inclusive, and being designated on the final Plan of Sagefield Subdivision, First Filing, located in Sections 43, 44, and 51, T-6-S, R-1-E, Greensburg Land District, East Baton Rouge Parish, State of Louisiana, said subdivision having been laid out by Ferris And Associates Engineering, Inc., Civil Engineers, dated Baton Rouge, Louisiana, June 19, 1991, a copy of which is attached hereto and made a part hereof, and which said plat is paraphrased »Ne Varietur« herewith by me, Notary, identification herewith.

Appearer further declared that it has established and does hereby establish certain building restrictions and conditions for the benefit of said property to be binding upon and enforceable by the present and/or future owners of said lots, it being the intention of the appearer to establish these restrictions being set out as follows, to-wit:

1. All of the lots contained in this subdivision are hereby designated as residential lots, and no building shall be erected, altered, placed, or permitted to remain on any lot other than a one (1) detached single-family dwelling not to exceed two and one-half stories in height and a private garage or carport for not more than three (3) cars.
2. No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have

been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building set-back line unless approved.

3. The minimum requirements for residential structures are set out as follows: (a) For single-story residence: 1200 square feet of heated living area. The above set-out living areas are exclusive of open porches and carports or garages. No carport or garage shall be erected unless said carport or garage is constructed large enough to contain a minimum of two (2) automobiles. No garage or carport shall open to any street, except that a garage equipped with a front door that closes may face the street.
4. No building shall be located on any lot nearer to the front lot line than twenty-five feet (25') nor nearer to the side property line than five feet (5'), however, with respect to some corner lots as shown on the final plat for Sagefield Subdivision, First Filing, a building may be set back seven and a half feet (7.5') from the property line. Garages and carports may be attached to main dwelling but must not be nearer to the side property line than five feet (5'). For the purposes of this covenant, eaves, steps, and other porches shall not be considered as part of the building. A maximum building set-back line of fifty feet (50') is hereby authorized for all lots, except in lots that are 170 feet deep or more, and the maximum building setback for these lots is sixty-five feet (65'). Detached garages and/or accessory buildings shall not be erected closer than five feet (5') to any sideline or closer than ten feet (10') to rear lot line.
5. No building shall be set back from the property line the same distance as a building on an adjoining lot. Each building must vary at least five feet (5') from the building adjoining it. The Sagefield Subdivision Council shall have the authority to vary the front and side building line requirements in cases where in the Council's opinion topographical features or irregular lot dimensions warrant such a variance or where such variance would prevent the destruction of one or more desirable trees, except that in no instance may the front or side building line requirements be less restrictive than required by the present zoning ordinance for the Parish of East Baton Rouge in A-1 areas. Easements for

installation and maintenance of utilities, drainage facilities, and sidewalks are reserved as shown on the recorded plat.

6. No noxious or offensive trade or activity shall be conducted on any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood; this shall not be interpreted to restrict a builder from erecting temporary warehouses and/or offices on any lot for the construction of houses on the same lots.
7. No sign of any kind shall be displayed to the public view on any lot, except one sign of no more than square feet advertising this property for sale or rent or customary signs used by building or real estate broker to advertise the property during the construction and sales period. However, the limitation shall not apply to the developer of the subdivision.
8. No oil drilling, oil development operations, oil refining, quarrying, or mining operations of any kind shall be permitted. upon the surface of any lot nor shall oil wells or tanks be permitted upon the surface of any lot. No derrick or other structure designed for the use in boring for oil or natural gas shall be erected, maintained or permitted upon the surface of any lot. However, said lots can be explored, developed, and produced entirely by wells located without the limits of the subdivision.
9. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuildings shall be used on any lot at any time as a residence either temporarily or permanently.
10. No building materials and no building equipment of any kind may be placed or stored on any lot except in the actual course of construction of a residence or other building thereon. No vacant lot shall be used for gardening or farming purposes, except that flowers and shrubbery may be grown for non-commercial purposes.
11. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be

automatically extended for successive periods of ten (10) years, unless an instrument signed by a majority of the then owners of the lots shall have been recorded, agreeing to change said covenants in whole or in part.

12. Invalidation of any of these covenants by judgment or court order shall in no way affect any of the other provisions hereof and the latter shall remain in full force and effect.
13. No livestock, animals or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept, provided they are not kept, bred or maintained for any commercial purposes.
14. No building or structure shall be constructed using imitation brick, imitation stone or asbestos on the exteriors. Residences shall be constructed with exteriors comprised of 60% masonry or masonry veneer. Residences proposed to be constructed with exteriors of materials other than the above are subject to be disapproved by the Architectural Control Committee when such use of materials in their opinion is not reasonably harmonious with the surrounding structures.
15. An Architectural Control Committee composed of Helt B. Harrison, Anne M. Harrison, and Olen White, is hereby authorized and appointed. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the Committee, the remaining members of the Committee shall have full authority to designate a successor. Neither the members of the committee, nor its designated representative shall be entitled to any compensation for services performed to this covenant. At any time, after five (5) years from the date these restrictions are signed, the then recorded owners of the majority of the lots shall have the power through a duly recorded written instrument to change the membership of the Committee or to withdraw from the committee or restore to it any of its powers and duties.
16. The Committee's approval or disapprovals required by these covenants shall be in writing. In the event the Committee or its designated representative fails to approve or disapprove within a specified time frame, the decision stands. Approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has

been commenced prior to the completion thereof, approval will not be required, and the related covenants shall be deemed to have been fully complied with.

17. All purchasers of lots understand and agree that underground electric service lines may extend through and under said lots in order to serve the residences thereon, and said underground lines shall be subject to ingress and egress by Gulf States Utilities Company, and said lot owners shall ascertain the location of said lines and keep the area over the route of lines free and clear of structures, trees, or other obstructions. The utility servitude area indicated and shown on the recorded map of said Sagefield Subdivision, First Filing, may be cleared and kept clear by any utility company of any trees, bushes, and other growth, including any overhanging branches of trees, or protrusions of structures located on adjacent property. The purchasers of said lots are further herewith notified that there will be a minimum charge of \$160.00 for the first forty (40) feet plus \$2.91 per square foot for the additional footage per lot for the installation of any underground service line from the transformer or the point of feed to the meter location.
18. These covenants prohibit the resubdivision of lots from any dimension other than those shown on the official recorded plat; however, this does not prohibit the use of more than one (1) lot for one (1) residence. Notwithstanding this prohibition to the re-subdivision of lots, any lot or lots may be resubdivided or replatted with the express written consent and permission of the Architectural Control Committee.
19. It is herein provided that the subdivision, West Forest Oaks, Inc., the 163 lots restricted herein as Sagefield Subdivision, First Filing estate development. The developer of the estate may utilize any of the streets connecting to another real estate development.
20. No lot shall be used or maintained as a dumping ground for rubbish, trash, garbage or other waste. All incinerators or other equipment for the storage or disposal of such materials shall be kept in a clean and sanitary condition. Upon completion of a residence, all debris shall be removed from the premises immediately. Garden compost may be kept in quantities required by one household only, provided it is not visible from a street and is kept free of obnoxious odor and insects.
21. Lot owners shall keep their respective lots mowed and free of noxious weeds. In the event that an owner fails to discharge this obligation, the Sagefield Subdivision Council may, in its discretion, cause the lot to be mowed, and the owner of such lot shall be obligated to pay the cost of such mowing.

22. No boats, vehicles, campers or trailers of any kind, or parts or appurtenances of any boats, vehicles, campers, or trailers shall be kept, stored, repaired, or maintained on any street or on any lot nearer to the street than the minimum building setback line, nor shall they be kept, stored, repaired or maintained on any lot behind the minimum building setback line in any manner which would detract from the appearance of the subdivision.

23. No structure of a temporary character, trailer, basement, tent, shack, garage, barn, or other outbuildings shall be used on any lot at any time as a residence either temporarily or permanently. Outbuildings shall not be used on any lot at any time as a residence, either temporary or permanent. No detached structure may be constructed without first having been approved by the Architectural Control Committee, and any such building must conform in every respect, including materials, with the exterior construction of the residence constructed on that same lot.

24. No garage apartments are to be erected or used as a residence, except as a residence for domestic servants to the occupants of the main residential premises.

THUS DONE AND SIGNED in my office in Baton Rouge, Louisiana, in the presence of the undersigned competent witnesses, this 20th day of June 1991.

Addendum Applies:

Dear Applicant:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(a) of the Internal Revenue Code as an organization described in the section indicated above.

Unless specifically excepted, you are liable for taxes under the Federal Insurance Contributions Act (social security taxes) for each employee to whom you pay \$100 or more during a calendar year. And, unless excepted, you are also liable for tax under the Federal Unemployment Tax Act for each employee to whom you pay \$50 or more during a calendar quarter if, during the current or preceding calendar year, you had one or more employees at any time in each of 20 calendar weeks or you paid wages of \$1,500 or more in any calendar quarter. If you have any questions about excise, employment, or other Federal taxes, please address them to this office.

If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status. In the case of an amendment to your organizational document or bylaws, please send us a copy of the amended document or bylaws. Also, you should inform us of all changes in your name or address.

In the heading of this letter we have indicated whether you must file Form 990, Return of Organization Exempt From Income Tax. If Yes is indicated, you are required to file Form 990 only if your gross receipts each year are normally more than \$25,000. However, if you receive a Form 990 package in the mail, please file the return even if you do not exceed the gross receipts test. If you are not required to file, simply attach the label provided, check the box in the heading to indicate that your annual gross receipts are normally \$25,000 or less, and sign the return.

If a return is required, it must be filed by the 15th day of the fifth

SAGEFIELD CIVIC ASSOCIATION

A monthly audit at the end of your annual accounting period. A penalty of \$20 a day is imposed when a return is filed late unless there is reasonable cause for the delay. However, the maximum penalty charged cannot exceed \$10,000 or 5 percent of your gross receipts for the year, whichever is less. For organizations with gross receipts exceeding \$1,000,000 in any year, the penalty is \$100 per day per return unless there is reasonable cause for the delay. The maximum penalty for an organization with gross receipts exceeding \$1,000,000 shall not exceed \$50,000. This penalty may also be charged if a return is not complete, so please be sure your return is complete before you file it.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under Section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in Section 513 of the Code.

You are required to make your annual information return, Form 990 or Form 990-EZ, available for public inspection for three years after the later of the due date of the return or the date the return is filed. You are also required to make available for public inspection your exemption application, any supporting documents, and your exemption letter. Copies of these documents are also required to be provided to any individual upon written or in-person request without charge other than reasonable fees for copying and postage. You may fulfill this requirement by placing these documents on the internet. Penalties may be imposed for failure to comply with these requirements. Additional information is available in Publication 557, Tax-Exempt Status for Your Organization, or you may call our toll-free number shown above.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Donors may not deduct contributions to you because you are not an organization described in section 170(a) of the Code. Under section 6113, any fundraising solicitation you make must include an express statement (in a conspicuous and easily recognizable format) that contributions or gifts to you are not deductible as charitable contributions for Federal income tax purposes. This provision does not apply if your annual gross receipts normally do not exceed \$100,000 or if your solicitations are made to no more than ten persons during a calendar year. The law provides penalties for failure to comply with this requirement unless failure is due to reasonable cause.

If we have indicated in the heading of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

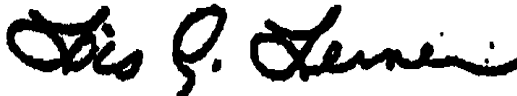

Because this letter could help resolve any questions about your exempt status or other matters.
